

**REMARKS**

In the Office Action, the Examiner rejected claims 1-15 under 35 U.S.C. § 112, ¶ 2, as being indefinite for failing to particularly point out and distinctly claim the subject matter that Applicants regard as the invention. The Examiner also objected to the specification for providing a figure reference numeral that is not otherwise provided in the figures. Finally, the Examiner allowed claims 16-22.

Applicants thank the Examiner for allowing claims 16-22.

In this Office Action, Applicants amend claims 1, 6, and 13 to improve clarity and to overcome the Examiner's rejections to claims 1-15. Additionally, Applicants amend the specification to improve clarity and to overcome the Examiner's objection to the specification. As such, Applicants respectfully request entry of this amendment and allowance of the case.

If the Examiner has any questions or believes a telephone conversation might otherwise advance prosecution of this case, the Examiner is invited to call the undersigned.

Please grant any extensions of time required to enter this Amendment and charge any additional necessary fees to Deposit Account No. 03-1129.

Respectfully submitted,

---
